SPECIAL EDITION

AutoGyro Special Edition: Tailored for your mission

Exceptional jobs require exceptional partners. Like AutoGyro. With the AutoGyro Special Edition every mission is supported with a perfectly tailored and high-class equipped gyrocopter. No matter what kind of operation, complete it successfully - complete it with AutoGyro.

In the cause of safety, justice
and medical aid

MTOsport and Calidus – always at your service

Adaptable, agile, unique. Gyroplanes can handle nearly every situation. Called in the duty of a shark patrol, the law enforcement, a medical assignment, pipe and power lining, border control, agricultural crop spraying or military missions, AutoGyro's Special Edition aircrafts are at your side. Realize the highest success at lowest costs when flying with one of the safest aircrafts on the market.

Special equipment

Our knowhow and our expertise for you! With only the most professional engineering, the highest quality and the most modern techniques, AutoGyro meets all demands and develops individual solutions for individual customers.
